RE: Olefins Panel Category Report for the Fuel Oils Category
Under the HPV Challenge Program: HPV Registration No.

Dear Mr. Johnson:

On December 18, 2001, the American Chemistry Council Olefins Panel (Panel) submitted a Test Plan under the High Production Volume (HPV) Chemical Challenge Program pertaining to the Fuel Oils Category. On August 7, 2003, the Panel submitted a revised Test Plan for this category. Robust summaries for modeling studies conducted for this category were submitted to EPA on January 11, 2004. On December 8, 2004, the Panel submitted robust summaries for studies conducted under the HPV program on CAS numbers in this category. With this letter, the Panel submits the Category Summary Report for the Fuel Oils Category.

With the submission of this category report, the Panel has completed its commitment under the HPV Challenge Program for the Fuel Oils category. This report and associated robust summaries represent our final submission under the program.

If you have any questions, please contact Elizabeth Moran, Manager of the Olefins Panel, at 301 924 2006 or Elizabeth.Moran@americanchemistry.com.

Sincerely Yours,
